Upgrade your food packaging with our Glassine-Lined Paper Gourmet Bags, designed to keep candies, pastries, nuts, and other treats fresh while enhancing their presentation. These eco-friendly bags are made from sturdy 30-35# kraft paper with a 25# glassine lining, providing a stylish and sustainable alternative to wax-lined packaging. Their grease, moisture, and stain resistance ensure that your products stay in perfect condition, making them ideal for use at bakeries, weddings, parties, and more. For added customization, we offer printing and hot stamping options to highlight your brand. Choose a packaging solution that’s practical, elegant, and aligned with environmentally conscious values.

Perfect for:

- Candy bags
- Bags for nuts
- Bakery bags for cookies
- Fudge presentation bags
